Web Solution Provider

Web Based Online SMS Solution

Web Based Online Fastest SMS Solution

Here are some steps to send Branded SMS with your company name.

Step1 (Setup of Your Account)

You have to send us request for creating online web based account for sending Branded SMS with your company name. You have to pay us **Rs:2000/-** only for Setup charges, It is onetime fee. For this we will create **1 Sender ID** (Company Name for sending SMS).

For Example: You pay us Rs:2000/- and we will create **Sender ID** = **WebSolPro** Note: Maximum 11 Characters are allowed for sender ID. And your account will be activated within 24 hours after received of payment and Online SMS login details will be send to you.

Step 2 (Purchase of SMS Credits)

Now you have to purchase SMS credits from us in order to send SMS. For example you pay us Rs:5,000. So we will add Rs:5,000 SMS credit in your account. When you send sms so charges will be deduct from your available credit balance. It's up to you how much sms credit balance you want to add in your account.

Charges:
Rs:0.65 (65 Paisa) per SMS on Ufone, Zong, Warid, Telenor.
Rs:0.85 (85 Paisa) per SMS on Mobilink.
Note: Mobilink charges are higher for Branded SMS.

Step 3 (Send SMS)

Now SMS Credit is available in your account and now you can send Branded SMS (SMS from your company name).

 - You can send Branded SMS to Single person.
- You can send Branded SMS to Multiple person / Group SMS / SMS Marketing.

Optional / Extra Facilities

- ✓ Adding extra Sender ID will cost you **Rs:1000/-** each.

- ✓ Desktop Application is also available to send branded SMS from your PC instead of logging on website again and again. One time software charges are only **Rs:1000/-** Please check attached image (Desktop-Application.gif).

- ✓ HTTP API setting is also available **Free of cost**. This gives you facility to integrate this sms system in your any Desktop or Web Application. For example we have integrated this SMS solution with our Online Billing System.
